

National Information Assurance Partnership
Common Criteria Certificate

is awarded to

Owl Computing Technologies, Inc.

The IT product identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 2.2) for conformance to the Common Criteria for IT Security Evaluation (Version 2.2). This certificate applies only to the evaluated configuration as identified in the Security Target. The product's functional and assurance security specifications are also contained in its security target. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by any agency of the U.S. Government and no warranty of the IT product is either expressed or implied.

**Product Name: Owl Computing Technologies Data Diode
Network Interface Card Version 3
Protection Profile Identifier: None
Evaluation Platform: Not Applicable**

**CCTL: Science Applications International Corporation
Validation Report Number: CCEVS-VR-05-0120
Assurance Level: EAL 4
Date Issued: 2 September 2005**
